YOUNG WOMAN TAKES "SHOT" AT FORMER HUSBAND

EDNA SMART, DIVORCED WIFE OF ROY KELSO, IS IN JAIL ON SERIOUS CHARGE

Edua Smart, divorced wife of Roy Kelso, was arrested by the city police last night and turned over to the county on a charge of shooting at Kelso with intent to kill. The young woman is now confined in the county jail. She has been unable to defend so far. When arrested by the police she had a toy pistol concealed in her dress. It is a harmonie little gun, such as is used by boys on July 4th to explode caps. "I will kill him some day," the girl cried when arrested. "He has been talking about me and I will get him if I have to go to the penitentiary."

The couple were married in Guthrie last year after a short courtship. After a stormy married life of several months they separated. Later a \$4000 was granted and the maiden name of the old regime. Since then Kelso has been paying her a monthly alimony. Several times his former wife has attacked him on the street and one day in a lawyer's office she fought, violently and heatedly and several beat him up considerably before help arrived.

Last night Kelso, who is a jinnee received a phone call to come to the Baptist church. When he arrived no one was in sight and the church was dark, as he started away the girl appeared and discharged the pistol. "I didn't wait for an explanation," said Kelso.

COMMITTEE FACILITATES PROGRAM IN WAY OF FURNISHING SUITABLE QUARTERS

Kansas City, Aug. 19.—Probable the greatest problem confronting the local committee of the Red Cross is the location of suitable quarters for the members of the delegation that will be here to take part in the conference. The Red Cross is being conducted by the Missouri state committee, and the Kansas state committee has been working hard to find suitable places.

Mr. Henshaw says the Red Cross is being conducted by the Missouri state committee, and the Kansas state committee has been working hard to find suitable places.

The number of men and women selected has variously been estimated between fifteen and twenty thousand. In this manner, it is believed, the great majority are in modest financial circumstances and must be furnished with accommodations at a cheap rate.

Homes already are being sought in order to furnish the wealthiest members. A committee has been selected to search for suitable dwellings of modest cost.

The program supplements the similar measure promulgated recently regarding the formation of foreign committees. The government has caused to issue circulars to all landholders and landholders modification of the laws on this subject.

The circulars state another clause in the law authorizing the Secretary of War to requisition any building or structure owned by the government for the use of the military or naval forces.
